FATHERS ON A MISSION

OUR MISSION

To enhance Fathers and Father Figures, which will ultimately strengthen families.

Fathers On A Mission has become a beacon of hope for fathers and father figures across our city and state. There is a transformation when men are given the tools, support, and guidance they need to become the best versions of themselves.

All fathers deserve an opportunity to become the best father figures within their home and community.

"This organization **changed my life**. I wouldn't be here without them."

ALFRED BERGERON JR,
participant

ENHANCING FATHERS STRENGTHENING FAMILIES
